DETERMINATIONS TERMINATING INVESTIGATIONS OF PETITIONS FOR
WORKER ADJUSTMENT ASSISTANCE

After notice of the petitions was published in the Federal Register and on the Department's website, as required by Section 221 of the Act (19 USC 2271), the Department initiated investigations of these petitions.

The following determinations terminating investigations were issued because the petitioner has requested that the petition be withdrawn.

TA-W number	Subject firm	Location	Impact date
81,980	Bank of America	Addison, TX	

The following determinations terminating investigations were issued in cases where these petitions were not filed in accordance with the requirements of 29 C.F.R. 90.11. Every petition filed by workers must be signed by at least three individuals of the petitioning worker group. Petitioners separated more than one year prior to the date of the

petition cannot be covered under a certification of a petition under Section 223(b), and therefore, may not be part of a petitioning worker group. For one or more of these reasons, these petitions were deemed invalid.

TA-W number	Subject firm	Location	Impact date
81,978	Peabody Energy	Evansville, IN	

The following determinations terminating investigations were issued because the petitioning groups of workers are covered by active certifications. Consequently, further investigation in these cases would serve no purpose since the petitioning group of workers cannot be covered by more than one certification at a time.
